Dear David,

I would like to express my gratitude to you and the Sequoyah Elementary Foundation Board for the substantial support you have given our school. As a parent and as a teacher on staff, I appreciate the measures you have taken to improve the learning environment, including the safety of our building.

The gift of the Activboard has been exciting as well as a bit daunting. Becoming proficient at utilizing it in my lessons in front of an audience of six and seven year olds has been (and remains) a bit challenging. However, the excitement in the children and my own glimpses of its potential for learning makes even the momentary techno-frustrations worth it! The children love the Activboard and so do I! I am planning on attending additional training this summer, which Martha has arranged for the staff.

Another improvement you provided is our new security system. The cameras and the keyless entries definitely add to my peace of mind in caring for these children. It was a much-needed upgrade.

One more thing. Thank you for providing us with teaching assistants when Knox County cut their positions. The teaching assistants are a blessing to the teachers and the students.

I am enclosing some letters of thanks the children in my class have written.

Thank you, again, for your ongoing support of our school.

Sincerely,
